Drawn up and approved. Charles read them.\*

WLC V tee shirts are being printed up for \$6.00 a piece. One dollar of that will go to the conference. If you are interested see Becky B.

The files are being kept in a separate room for this conference because the amount has really grown and it will be easier to keep track of them. Some of these files are irreplaceable as the people are no longer with us. There will be somebody with the files at all times. If you want to take a file out of the library fill out a card with your name, date, what you need it for, where you took it so if we should need it we will know where to go. We also ask that you sign in and out of the library.

If you need copies of anything ask whoever is on the copying machine to make them for you. Jim suggested that five or six people volunteer for copying but Roger said that would not be necessary. Whoever has charge of the machine should have someone to replace them when they are ready to take a break. Whoever runs the copy machine should be someone who was in the library when the Xerox man was demonstrating the machine.

Tom made the motion that the conference pay for any expenses incurred by either one of the phones. The motion was seconded. Some discussion followed. The motion was passed unanimously.

A motion was made that the telephone in the meeting room be unattended during group-conference meetings. The motion was seconded and passed. A motion was suggested that someone be posted downstairs to answer the phone in the kitchen.

Roger said that it was his feeling that our only function is to carry the message in World Service Conference, written form to the still suffering addict. He also stated that if you are interested in gossip make it clear that it is your opinion and not that of the conference.

Greg pointed out that our directive from the World Service Conference is to compile and edit what was written by individuals.

Jim suggested that we pass out forms for anyone interested in becoming members of the World Literature Committee. Roger said that if the people are present and leave an address they are automatically members of the committee unless the committee is otherwise notified. Greg read Item 4, page 38 of the Service manual which are the guidelines and purposes of the World Literature Committee.

Roger said that the first five chapters of the book were lost. They had been through second edit and an original typed. The original was lost. The other five have been through input and partial second edit. Our first priority is to get the first five chapters re-typed and the second five typed up in the form they are in.

Our second priority is to update the mailing list. A large mailing list is being put together and put over. If you have an address book, we would like to have the names, addresses, phone numbers, and last names of you and them.

Roger said that this mailing list would be used strictly in the fellowship. The World Service Office will receive a copy so they can compile the World Directory. The Literature Committee wants to get a hold of as many people in as many different areas as possible. If you don't want your name and number on the list don't give it to us.

Different groups in different areas have been working on chapters 4, 6, 8, 9, and 10 after the Santa Monica Conference. The World Literature Conference would like to know the status of those chapters.

Chapter 4 was sent to California and the report was that they completed the Introduction, and the first and second steps.

Chapter 6 was sent to Southern California and they reported that they got the first two steps done.

Chapter 8 was sent to British Columbia and is now in progress.

Chapter 9 was sent to St. Louis and they reported that they got two pages done. They are doing a thorough rewriting of the chapter.

Chapter 10 was sent to Lincoln and they reported that some work has been done all the way through the chapter and that they now have a rough draft copy of the chapter.

Greg made the motion that we proceed with the typing of all of the material and that all of the work that has been done be typed in the form that they are now in. Charles amended the motion by suggesting that we set up workshops to finish the work that has been started. Roger stated that we should get the five chapters typed up and that the people who worked on them should be available to answer questions.

Typists are all available at will for editing and proofreading to correct spelling or grammar.

Roger said we should take what we have, type it up and see what needs to be done. A vote was taken on Greg's motion and carried.

It was brought up that we need to work on pamphlets. The pamphlets that we need are: "The Fellowship", "The Fellowship Guide", "The Fellowship Directory", and

Sponsorship. Roger wanted people committed to work on pamphlets before group conscience was over. The chairpersons are: Hospital and Institutions—Jim B., Mary-Inverness, Greg—Mills-Teague, and Jose.

Synopsis of group conscience meeting.  
Material available should be typed and made available as quickly as possible.

We should have two group conscious meetings a day. The meetings were scheduled for 11:00 A.M. and 11:00 P. M.

Greg made a motion that since we only have eight copies of the gray book left that we should sale them at \$20.00. The motion was seconded. Greg withdraws motion and suggest that we keep the eight copies after much discussion. Motion withdrawn.

Greg made the motion that the eight copies be distributed to those who have registered on a first come, first serve basis. The motion carried by a vote of 24-for and 14-against.

Greg made a motion that we pay the class of all of the people who have registered and give them the book in a lot of 100. If they can't afford to pay for them they don't have to. Motion carried unanimously.

Mary K., our treasurer, asked that you do not give her cash without waiting for a receipt so she knows what they are for. Checks are all right if you write what it is for on the check. The address for donations is: Jim Miller, 38404 Miller Road, Leetonia, OH. This address will be posted for anyone interested in sending a contribution.

Ohio has raised \$1,067.00 in one night toward the back bills of the World Literature Committee.

Charles made a motion that the meeting be closed. The motion was seconded. The announcement was made that if you haven't registered do so. The meeting was closed with the Lord's Prayer.

JULY 2, 1981

FOURTH DAY, MORNING MEETING

Roger opened the meeting with a moment of silence, followed by the serenity prayer.

A reminder was made to sign in to the library, and sign out when you leave. When taking files out, be sure to go through the proper people.

Jim M. stated that Chapter Four workshop is too large and is inefficient.

Teresa made a motion that we break into workshops, seperating each step in Chapter Four, excluding steps one, four, and five. These should consist of one experienced member and two inexperienced members, having one of the inexperienced members chair it. These workshops are to be used as cut and paste sessions, reconvening at 3:00p.m. for group conscience.

It was seconded.

The motion carried.

Greg reminded the group of the three point outline for each step:

1. Why we work this step,
2. How do we work this step,
3. The results of working this step.

Gina H. asked which steps still need input.

Step two needed input on a concept of a Higher Power, steps three, six, and seven needed alot of general input, and step eleven needed input on meditation.

Linda asked for a volunteer to help with the files and got Bob from Philadelphia.

The group then set up the Chapter Four workshops:

Step Two: Jean, Gregg, and Rick

Step Three: Teresa, Pete, and Bill

Step Six: Rick, Doug, and Bernie

Step Seven: Denise, Pam, and Gary

Step Eight: Charles, Jim M., and Glenn

Roger opened the meeting with a moment of silence for the addict who still suffers, followed by the Serenity Prayer.

It was mentioned that we cannot use direct quotes from other material, as it violates our traditions.

Charles moved that the steps completed go to an edit team, and the ones still in progress, finish their work and then send it to an edit team.

It was seconded.

Discussion followed.

Charles with drew this motion.

Bo made a motion that the cut and paste sessions do a first edit

Mary Kaye gave a Treasurer's report a copy of which is included in the minutes.

Greg suggested if someone is just visiting and not involved in anything that they restrain their comments.

Jerde announced the banquet that will be held tomorrow night. He passed a can to collect funds tonight and will again in the morning.

Joseph stated that World Literature Conference Three will be closing their books soon. The balance is in the black.

It was brought up that the banquet will be at 6:00 tomorrow evening and some concern was expressed as to whether it would disturb the regularly scheduled NA meeting held in the conference room.

There was some discussion about charging for the banquet. Greg suggested that we all put five dollars in the can.

Jim M. suggested that we invite the local fellowship. Roger suggested charging them five dollars.

A progress report for all of the steps was called for:

Larry, Al, Jean, and Randy have volunteered to work on Chapter 7.

Volunteers on chapter 10 are Bob, Doug, Glenn, Bob, and Louis.

Nickie asked that we keep the noise down in the Conference Room and the hallway while we are trying to work. The noise makes it difficult to concentrate while we are working.

Bob made the motion that we have a group conscience meeting to inventory the conference to see what kind of mistakes we were making. He thought maybe this way we could stop them from happening at conference after conference. Linda seconded the motion. Passed.

Jamie reported that he collected \$134.86 for food for the banquet.

Mary Kaye reported a contribution from Monaco, Pennsylvania of \$30.00.

Larry was asked to read chapter 9.

Roger made the motion that in proposing changes to Chapter 9, the person making the proposal give a reason for why they feel that way. Also, give another person a chance to make a rebuttal. Greg seconded. Motion carried. Bo suggested that the material might be considered as input for the second part of Chapter 4 or go back to the workshop.

Charles made the motion that "Just For Today" become a part of something else and that we delete Chapter 9. Much discussion followed. The motion was not seconded and Charles withdrew it.

Jim M. said he would second a motion to include "Just for Today" in the second half of Chapter 4.

Bo said that this chapter was originally put in for Spiritual Maintenance.

Jim B. made the motion that all of the material on Chapter 9 and the second part of Chapter 4 be taken into a workshop to determine if we have two chapters or one and report back to group conscience. Jean seconded. Motion carried. Roger asked Bo to sit in on this workshop.

FIFTH WORLD LITERATURE CONFERENCE

WARREN, OHIO

BY THE CHAIRMAN, DONALD R. JOHNSON, AND THE BOARD OF TRUSTEES

July 3, 1981

Two A. M. Meeting

Roger opened the meeting with a moment of silence followed by the Serenity Prayer.

Bo read the three telegrams he is sending to the World Service Office, the Board of Trustees, and the World Service Conference Chairman. Roger made the motion that we accept all of them as written. The motion was seconded and passed.

Greg made the motion that the telegrams be signed: World Service Conference Literature Subcommittee at Warren, Ohio. Seconded and passed.

The workshop that was to decide what to do about Chapter 9 decided unanimously that Chapter 4A & 9 should be one chapter and be titled "Just For Today, Living The Program".

Charles made the motion that we accept the workshop's opinion of combining Chapters 4A & 9 as one chapter and place it as number 5. This would mean renumbering the rest of the chapters. Matt seconded the motion. Discussion followed.

Roger stated that he thought it was premature to make a decision until we hear Chapters 4 & 5 to see if this one will fit.

Charles amended his motion to say that the decision be made later about where Chapter 9 belongs. Passed unanimously.

Doug said that they have a Chapter 10 outline but they don't have all of the material they need to fill in the outline. He was asking for help in getting more material for the outline.

Charles suggested that we read "Just for Today with the idea in mind of making a pamphlet out of it.

Joseph said he thought the outline style that is in the back of the gray book be liked so we should decide what if anything needs to be done with it. Copies were made of it and are available at the Library door.

Matt made the motion that we close the meeting. The motion was seconded and passed.

## RECOMMENDED PROCEDURES FOR LITERATURE WORKSHOPS

### PROCEDURES

1. What is the title of the material to be covered?
2. List things the group thinks will pertain to the title.
3. Look at previous outlines for things you missed.
4. Out of the list decide what are major topics and what go under major topics from list.
5. Type up that topic outline and make copies.
6. Get all source material that might be useful to the material as defined by the topic outline. Make two or more copies of each source.
7. Set one copy aside for original source copy.
8. Mark the second copy as it pertains to the topic outline by topic and item number. Sentences, paragraphs or pages can be marked. "X" out material which doesn't pertain.
9. Cut marked material and separate into piles by topic and item number.
10. Consider each pile in order and arrange in sequence by pasting up on a piece of paper. Sequence should be designed to include useful information and leave out non-pertinent material at that point.
11. When all material is pasted up, a typist participating in the group should type it up quickly. The typist should be free to add or change material as they go so that the work will proceed more quickly and yet still be subject to group conscientiousness after typing.
12. Note: While the group discussion of the topic outline is important, the procedure of clipping and pasting is mechanical and too much discussion at this point will goof up the process because no lasting change can be effected.
13. The typed material goes immediately back to the group for evaluation in terms of topic outline, clip and paste material and source material. Make any improvement possible and retype.
14. This constitutes a complete workshop draft.

"YOUR WILL, NOT MINE, BE DONE"

We, of this Committee, humbly pray that we may through the hand of  
faith, be gently guided to do Your will.

To often, because we're human, we forget that we are Your servants-  
You are not ours.

At times we bury ourselves so deeply inside our own egos, that we  
lose sight of the real reason we're here.  
It is only by putting aside our earthly wants that we may find our Godly  
needs.

Glowing spirituality is the only light that will lead us down the path  
of our true purpose.

So as we do His work, we must not fail to remember, "YOUR WILL, NOT MINE,  
BE DONE."

## PERSONAL INPUT ON BANQUET

By Charles K.

Tonight marked a turning point in the history of NA and The World Literature Conference. All who were present were able to enjoy fellowship and humor. We have been blessed to have a few of our trusted servants share their message of hope, recovery and service. Members with from 5 days to 20 years clean were present. The spirit of the Higher Power was present more than ever. The gentle flow of pure spiritual energy touched everyone who was present. This has to be the very best banquet in the history of WLC.

Special tokens were given to individuals for various things they have contributed to the NA fellowship, and especially for their effect on us who know them well and love them all. Thank you.

We managed to run over our expected time, but no one seemed to mind. All of the waiting was well worth it.

Just think about it! We had three members of the Board of Trustees, including the Chairman of the Board, two members from the administrative committee for WSC, eighteen states represented, by loving dedicated trusted servants, and live entertainment. There has been a lot of firsts. Let's maintain the spirit and continue in the same direction.

This is truly a world wide fellowship. People from all walks of life committing themselves obtain one goal, THE COMPLETION OF A BOOK SO OTHERS MAY FIND WHAT THEY HAVE FOUND.

See you all in Florida for WLC-6
